

People Are Alike, People Are Different” is a Port Discovery overnight program in which girl scouts can earn a “People Just Like You” badge for participating in all of the evening’s activities.

The goals of ***People Are Alike, People Are Different*** are:

- To teach children to correctly define the word “disability”
- To allay myths and fears about people with disabilities through discussions and hands-on experiences
- To encourage children to examine the similarities and differences that everyone has– no two people are alike.
- To provide hands-on, sensory experiences for able-bodied children and children with disabilities to experience: using a wheelchair for mobility, using other senses when one sense is impaired.

The program is divided into 3 sessions.

Each girl must complete all requirements in each session to earn the “People Just Like You” badge.
