TRANSPORTATION RELEASE: I authorize transportation for myself/my child by emergency vehicle to an appropriate health care facility and pre- hospital medical care, all hospital and physician services, whether medical, surgical and/or dental, necessary for the benefit/safety/well-being of me/my child. It is my expressed intention to hold Girl Scouts of Black Diamond Council harmless for any and all injuries, death or damages arising from or in any way related to any such transportation.

CONSENT TO TREAT: I hereby give permission to the designated Girl Scout First Aider on duty selected by the camp coordinator to administer any routine and approved medications listed on this form and to administer first-aid treatment, order X-rays, routine tests and treatment for the health of myself/my child, in the event I cannot be reached in an emergency. I hereby give permission to the designated Girl Scout First Aider on duty selected by the camp coordinator to hospitalize, secure proper treatment for and to order injection and/or anesthesia and/or surgery for my child as named above. The information disclosed on this form may be released to Volunteer/Staff responsible for this activity including, but not limited to troop/group leaders, drivers, medical personnel, etc.

This health history is correct so far as I know, and the person herein described has permission to engage in all planned trip activities except as noted by the examining physician or me. I have read the camp description and agree to cooperate with all policies. I understand that some campers will have the opportunity to participate in activities such as swimming, canoeing, challenge courses, zip lining and trips off the camp premises. This is not a guarantee that my child will participate in all of the activities. Although care is given to greatly reduce risk through safety procedures, education and equipment, I understand adventure programs are not without an element of danger. These risks include damage to property and temporary or long-term injury to the person. I understand the risks involved with this type of program, and I feel the benefits outweigh the potential hazards of the program.
